# Tama New Town

-Tama, Inagi, Hachioji, Machida, Tokyo

New town development for mass supply of quality housings and land for housings (1966~)

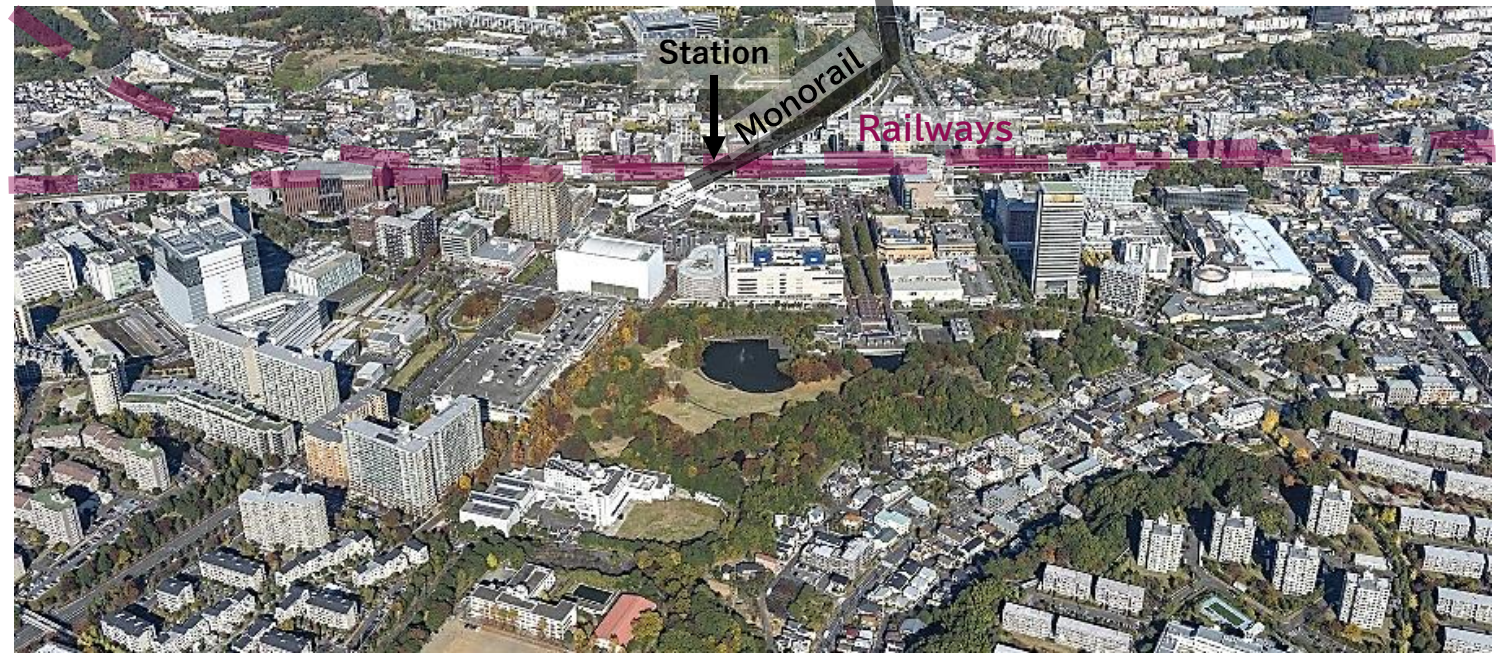

## Key Issue

- Severe housing shortage and urban sprawl in high economic growth era
- Concentration of business function in Tokyo central business district

A part of project area

Source: Geospatial Information Authority of Japan

## Project Approach

- NT development together with new railway lines (2 railway lines and 1 monorail)
- One of the largest New Town development in Japan with planned arrangement of public facilities and connection to stations by pedestrian network (population over 220,000 in 2023)
- Office, retail and public facilities were introduced to New town center and 4 district centers around each station

Area:2,853 ha

Role of UR: Implementor (Land Acquisition, Land Readjustment, 1,431ha)
